

# The *Boynton* (1-2-624)

TRADITIONAL

The Boynton is designed for a lot that slopes to the back. As part of its smart layout, the garage and laundry room/mud room extend at an angle from the main part of the home.

**TRADITIONAL:** This home package includes design, construction plans, and all the materials required to build the structure of this home to the lock-up stage. Materials include export-grade framing lumber, an engineered wood truss system, low-maintenance siding and energy-efficient windows. This design features the use of conventional construction methods. It can be modified to suit individual site conditions.
